Warsaw, 26 June 2015

As our time living in Warsaw has come to its end, we would like to thank Zyrafa Preschool and all the wonderful people who work at it, for their professional work on every field. For 15 months, our 4 year-old son, Sevos Grigoriadis, was so lucky to attend the preschool's program and learn to speak Polish and English better than Greek, his mother language!

But the most important thing for us is that not only was our son so joyful coming to your Preschool every day, but that he also had so many nice things to tell us about when he was back at home. Sevos had a great time and we could see it in his face.

We wish Zyrafa Preschool all the best for the future and to keep up offering such a safe, clean, fresh, creative and open-minded environment for the little ones!

Thanking you,

Vassilios & Aspasia Grigoriadis
