

To Przedszkole Żyrafa

15 March 2016

As our son will graduate from your preschool on 12 April and start going to Japanese primary school in Warsaw, we would like to thank Przedszkole Żyrafa and all the wonderful teachers and staff members for their professional job. My 6 year-old son, Yusei Tanaka, attended the preschool classes since last May and learned friendship and basic behavior as well as Polish and English languages.

The teachers there are of high quality. They are kind, friendly, patient, and confident. My son was always happy and willing to go to preschool and we were also glad to see him sing and talk as he learned at preschool. Although he will go to Japanese school from 14 April, we believe that he will never forget the time he spent at Przedszkole Żyrafa.

In the end, we would like to thank all the teachers, staff members, Yusei's friends and their parents again. We sincerely wish Przedszkole Żyrafa all the best for the future.

Best regards,  
Masanori Tanaka
