

To whom it may concern,

Our son joined Zyrafa in September 2016, we had visited several preschools in our area but nothing compared to Zyrafa. There is always a warm welcome and a friendly smile and this makes the children feel safe and secure. The extra activities are a fantastic plus, swimming, horse riding, concerts, dog therapy and endless trips to the many great attractions of the city.

The teaching staff are wonderful and they are supported by a great team, the cooks (delicious food cooked onsite each day), the cleaners (always smiling and willing to help), the drivers (wonderful guys, great with the children) and of course Agnieszka in the office, who is simply amazing. Our son enjoyed it so much.

Unfortunately our time in Warsaw came to an end and we had to say goodbye to Zyrafa but it will always remain a very special place for us and I strongly recommend you visit here and you too will see their awesomeness.

Kindest regards,  
Christena Nolan (Arthur's Mom)
